

## Flue gas and supply pipe accessories

Model	Integra 36	Integra 60	Order No.	Price/€
Additional charge for connection pipes, room sealed operation DN80/125	X	X*	1002584	324.00
Flue gas connection, room sealed operation boiler connection fitting DN 80/straight with supply air socket and STL connection.	X	X*	1002064	97.97
Inspection bend 87° DN 80/125 with side measurement openings for supply air/flue gas	X	X*	1002016	131.58
Flue gas connection, non-room sealed operation, boiler connection fitting DN80 straight with measurement opening and STL connection.	X	—	1002074	64.70
Flue gas connection, non-room sealed operation, boiler connection fitting DN100 straight with measurement opening and STL connection (Extension Art. No. 1002018 required).	X	X	1003939	69.04
Neutralisation box, incl. 1 bag of granulate	X	X	1002100	85.60

\* only Integra 60\_37

## Accessories, Siemens RVS controller

	Model	Integra 36	Integra 60	Order No.	Price/€
	Albatros control, Set 1 Basic control set, outside temperature compensated 2-point control, incl. boiler temperature sensor, hot water storage tank temperature sensor, outdoor temperature sensor	X	X	1001520	687.48
	Albatros control, Set 3 for 2-stage burner Modulating burner, cascading, solar controller (1 or 2 collector arrays) incl. boiler temperature sensor, hot water storage tank temperature sensor, outdoor temperature sensor	X	X	1001518	890.00
	AVS 75 extension module For a further mixer circuit as addition, with connection cable to the Albatros control (Art. No. 1001520) and connector	X*	X*	1001534	285.00
	QAD 36/201 flow sensor	X	X	1001533	46.80
	QAC 34/101 outdoor sensor	X	X	1001530	27.50
	Tank sensor (boiler sensor) TANTUM (SND/INTEGRA), 1.5m	X	X	1001529	24.90

\* Function extension for Set 1, RVS 13

## Accessories, EBV controller

	Model	Integra 36	Integra 60	Order No.	Price/€
	Theta 23B outside temperature compensated control with outdoor sensor, tank sensor, boiler sensor and wire harness (except flow sensor)	X	X	1001774	674.00

## Hydraulics accessories

Safety group  
with pressure gauge (2.5 bar), safety valve, fast de-aerator and  
an angle fitting. Including all seals/gaskets.

Mixer circuit set DN 25 Integra/SND  
consisting of a Hansa HE55-25 high-efficiency pump, a mixer motor,  
two stopcocks, one return connection and two thermometers.  
Supplied with all seals, gaskets and rigid foam insulation.
